THE CASSINA PERSPECTIVE

Avant-gardism, authenticity, excellence and the combination of technological skill with local manual expertise. Cassina's identity is founded on these solid, shared values to express the best of Italian and international design with a cohesive, recognisable and cultured approach. Cassina has successfully amalgamated culture, craftsmanship and industry, reconciling tradition with research, rigour with emotion and uniqueness with experimentation, while interpreting everyday trends thanks to its untiring work on aesthetics and codification. For over 90 years, Meda's pioneering, free-spirited company has been ahead of its time, walking an unknown path, with intuition or perhaps foresight, through the design and interior design worlds. Cassina, in fact, moved from artisan to industrial production in the 50's, and was the first company to involve some of the most renowned designers and architects in its narration, inviting in new shapes, references and influences from contemporary design. Cassina brings innovation in every step of the design process, defining novel

L'identità di Cassina si è costruita su valori solidi e condivisi, per esprimere il meglio del design italiano e internazionale con un linguaggio coerente, riconoscibile, colto. Die Identität von Cassina stützt sich auf solide und gemeinsame Werte, um das Beste des italienischen Designs mit einer kohärenten, wiedererkennbaren, kultivierten Sprache auszudrücken. building solutions and dreaming up prospective possibilities for inhabitations inspired by society, art, and fashion, all while tenaciously keeping an eye on the future and challenging the conventional to trace yet unseen horizons. This is why Cassina's designs are displayed in the permanent collections of some of the world's most important museums. Its long-lasting, timeless products are a synthesis of beauty and meaning and show extreme attention to the very last detail using the highest quality materials available. The perfection of the carpentry, the leatherwork and upholstering is represented by masterpieces like Gio Ponti's *699 Superleggera*, the lightest solid-wood chair in the world, Mario Bellini's *CAB* with its steel frame over which a stitched leather cover is stretched and held in place by zips, and Vico Magistretti's *Maralunga* sofa, revolutionary in both its reclining system and foam's capabilities. Success that is over 45 years in the making. And so, in a continuing dialogue between past, present and future, Cassina has created the I Maestri Collection, revisiting the style models

della quotidianità grazie a un lavoro costante su estetica e tipologie. Con spirito pionieristico e libero, da oltre 90 anni l'azienda di Meda anticipa i tempi, tracciando un percorso inedito – per intuizione e lungimiranza – nel mondo del design e dell'architettura di interni. Cassina sancisce infatti negli anni '50 il passaggio dalla produzione artigianale a quella industriale; è la prima azienda a coinvolgere i più illuminati designer e architetti nella narrazione, per mezzo di nuove forme, delle suggestioni e influenze della progettazione contemporanea; l'unica a esercitare l'innovazione a ogni scala del disegno: mettendo a punto inedite soluzioni costruttive, immaginando possibili prospettive dell'abitare ispirate alla società, all'arte e alla moda, mantenendo lo sguardo tenacemente proiettato verso il futuro, a sfidare il convenzionale, a delineare gli orizzonti del nuovo. Per questo il design di Cassina è esposto nelle collezioni permanenti dei più importanti musei del mondo. I suoi prodotti sono durevoli e senza tempo, sintesi di bellezza e significato, curati nei materiali di qualità assoluta e nei dettagli sartoriali. La perfezione nelle lavorazioni di alta falegnameria, nella fattura delle pelli e nelle tappezzerie e imbottiti è rappresentata da capolavori come *699 Superleggera* di Gio Ponti, la sedia di legno massello più leggera al mondo; *CAB* di Mario Bellini, la seduta con telaio di acciaio e rivestimento di pelle tesa in cuoio cucito, fermato con cerniere lampo, e dal divano *Maralunga* di Vico Magistretti, oggetto rivoluzionario per il sistema di inclinazione dello schienale e l'utilizzo

la vie quotidienne grâce à un travail constant sur l'esthétique et les typologies. Depuis plus de 90 ans, l'entreprise de Meda, avec son esprit pionnier et libre, est en avance sur son temps et trace un parcours inédit - avec intuition et anticipation - dans le monde du design et de l'architecture d'intérieur. En effet, dans les années 50, Cassina autorise le passage de la production artisanale à la production industrielle. Elle est la première entreprise à impliquer les designers et architectes les plus éclairés dans la narration, au moyen de nouvelles formes, de suggestions et d'influences de la conception contemporaine. Elle est la seule à innover à toutes les étapes du design : en mettant au point des solutions de construction inédites, en imaginant de possibles perspectives d'habitation inspirées par la société, l'art et la mode, en gardant son regard résolument tourné vers l'avenir, en défiant les solutions conventionnelles, en dessinant les horizons de la nouveauté. C'est pourquoi le design de Cassina est exposé dans les collections permanentes des musées les plus importants du monde. Ses produits sont durables et intemporels, une synthèse de beauté et de signification, soignés au niveau des matériaux de qualité absolue et des détails personnalisés. La perfection au niveau des travaux de haute menuiserie, du travail du cuir, des tapisseries et des rembourrages, est représentée encore aujourd'hui par des chefs-d'œuvre tels que *699 Superleggera* de Gio Ponti, la chaise en bois massif la plus légère du monde, *CAB* de Mario Bellini, le siège à structure en acier et revêtement de cuir

Einzigartigkeit und Experimente zu verschmelzen und die Tendenzen des Alltags dank einer konstanten Arbeit an Ästhetik und Typologien zu interpretieren. Mit pionierhaftem und freiem Esprit durchläuft das Unternehmen aus Meda die Zeiten, zeichnet einen neuartigen Weg – im Hinblick auf Intuition und Weitblick – in der Welt des Designs und der Innenarchitektur. So bekräftigt Cassina in den 50er Jahren den Übergang von der handwerklichen zur industriellen Produktion; es ist das erste Unternehmen, das die berühmtesten Designer und Architekten in der Erzählung über neue Formen, Suggestionen und Einflüsse aus der zeitgenössischen Entwicklung einbezieht; das einzige, das die Innovation auf jeder Stufe des Designs ausübt: indem ungewöhnliche Konstruktionslösungen zum Einsatz kommen, mögliche Perspektiven des Wohnens mit Inspiration von Gesellschaft, Kunst und Mode entdeckt, der Blick harträckig in Richtung Zukunft gerichtet, um das Konventionelle herauszufordern und die Horizonte des Neuen abzustecken. Deshalb ist das Design von Cassina in den wichtigsten Dauerkollektionen der wichtigsten Museen der Welt ausgestellt. Seine Produkte sind dauerhaft und zeitlos, eine Synthese aus Schönheit und Bedeutung, mit sorgsam ausgewählten Materialien von höchster Qualität und maßgefertigten Details. Die Perfektion in den hochwertigen Tischlerarbeiten, in der Machart des Leders und der Polstermöbel wird von Meisterwerken wie *699 Superleggera* von Gio Ponti, dem leichtesten Massivholzstuhl

created by the twentieth century's best-known architects, including Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright, Marco Zanuso, Ico Parisi and Giacomo Balla. While the designs and functional concepts have been precisely preserved, the models have been manufactured using evolved technology. This is also the company that has manufactured iconic pieces of design from the 50's to the present day, ideated by some of the most important international designers, including Gaetano Pesce, Piero Lissoni, Rodolfo Dordoni, Philippe Starck, Ronan and Erwan Bouroullec, and the company's current art director, Patricia Urquiola.

Today Cassina continues to look to the future of design with audacious, passionate curiosity and an open, holistic approach. It affirms its exclusive ability to furnish a home's living and dining spaces completely and iconically with *The Cassina Perspective*: a concept, a philosophy, an informed, futuristic

delle potenzialità della schiumatura. Un successo da oltre 45 anni. Così, in un continuo dialogo tra passato, presente e futuro, Cassina realizza i modelli iconici creati dagli architetti del XX secolo con la Collezione I Maestri, in cui gli arredi di Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright, Marco Zanuso, Ico Parisi e Giacomo Balla vengono rieditati – rispettando accuratamente disegni e concept funzionali originali – e riattualizzati secondo le evoluzioni tecnologiche. Ed è anche l'azienda che produce le opere di riferimento del design dagli anni '50 all'attualità di alcuni tra i più importanti progettisti internazionali: da Gaetano Pesce a Piero Lissoni, Rodolfo Dordoni, Philippe Starck, Ronan ed Erwan Bouroullec e Patricia Urquiola, art director dell'azienda.

Oggi Cassina continua a guardare al futuro del progetto con audacia, passione, curiosità e un approccio aperto e olistico. E conferma la sua esclusiva capacità di arredare gli spazi living e dining della casa in modo completo e iconico attraverso *The Cassina Perspective*: un concetto, una filosofia, un pensiero consapevole e avveniristico; un orizzonte ampio e dettagliato di configurazioni, in cui i prodotti dall'anima più innovativa e le icone del moderno creano insieme atmosfere autentiche, accoglienti, personali, dialogando secondo un codice di eccellenza progettuale, sensibilità formale, solidità e autorevolezza culturale. Sistemi di presenze naturalmente empatiche, che sanno stabilire una

Un succès depuis plus de 45 ans. Ainsi, dans un dialogue continu entre le passé, le présent et l'avenir, Cassina conçoit les modèles de style créés par les architectes du 20ème siècle avec la Collection I Maestri, où les meubles du Corbusier, de Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright, Marco Zanuso, Ico Parisi et Giacomo Balla sont réédités – en respectant attentivement les dessins et les concepts fonctionnels originaux – et réactualisés en fonction des évolutions technologiques. C'est aussi l'entreprise qui produit les ouvrages de référence du design depuis les années 50 jusqu'à nos jours, signés par quelques-uns des plus importants créateurs internationaux : de Gaetano Pesce à Piero Lissoni, Rodolfo Dordoni, Philippe Starck, Ronan et Erwan Bouroullec et Patricia Urquiola, la directrice artistique de l'entreprise.

Aujourd'hui, Cassina continue d'envisager l'avenir du design avec audace, passion, curiosité, et une approche ouverte et globale. Cassina confirme sa capacité exclusive d'aménager les espaces salon et salle à manger de la maison de manière complète et emblématique à travers *The Cassina Perspective* : un concept, une philosophie, une pensée consciente et futuriste ; un horizon large et détaillé de configurations, où les produits d'une ème innovante et les icônes

Ein Erfolg seit über 45 Jahren. So schafft Cassina in einem kontinuierlichen Dialog zwischen Vergangenheit, Gegenwart und Zukunft die Stilmodelle nach Entwürfen der Architekten des 20. Jahrhunderts mit der Kollektion I Maestri, in der die Möbel von Le Corbusier, Pierre Jeanneret, Charlotte Perriand, Charles Rennie Mackintosh, Gerrit Thomas Rietveld, Franco Albini, Frank Lloyd Wright, Marco Zanuso, Ico Parisi und Giacomo Balla – unter genauer Einhaltung von Zeichnungen und originalen Funktionskonzepten – neu aufgelegt und gemäß den technologischen Entwicklungen aktualisiert werden. Und es ist auch das Unternehmen, das die Referenzwerke des Designs von den 50er Jahren bis heute, für die einige der wichtigsten internationalen Planer verantwortlich sind, herstellt: von Gaetano Pesce bis Piero Lissoni, Rodolfo Dordoni, Philippe Starck, Ronan und Erwan Bouroullec und Patricia Urquiola, Art Director des Unternehmens.

Heute blickt Cassina weiterhin in die Zukunft des Projekts mit Kühnheit, Leidenschaft, Neugier und einem offenen und ganzheitlichem Ansatz. Und bestätigt seine exklusive Fähigkeit, die Wohn- und Essbereiche des Hauses auf komplett und ikonische Weise über *The Cassina*

thought. A detailed, expansive horizon of combinations; when placed together, the products have an innovative soul and the modern icons create authentic, welcoming, personal atmospheres involved in a conversation dominated by a code of design excellence, formal sensitive awareness, solidity and cultural authority. The systems have a naturally empathetic presence that establish emotional harmony with the user, adapting to diverse interpretations, amalgamations, circumstances and lifestyles, represented in eight warms, engaging domestic interiors. Eight homes: the villa with a garden, the noble home immersed in nature, the bourgeois penthouse, the stately home, the metropolitan interiors, the open architecture, the Art Nouveau apartment in the city, the eco-technological lodge. Many personalities, all reflecting Cassina's eclecticism and versatility in design with a potent, distinct, and non-conventional lexis that eloquently expresses the tangible quality of the singular pieces and the spaces as whole. All far from fleeting trends. With the ability to anticipate tomorrow's trends today.

sintonia emotiva con chi le usa adattandosi a interpretazioni, abbinamenti, circostanze d'uso e stili di vita differenti, qui rappresentati da otto caldi e vissuti interni domestici. Otto case – la villa con giardino, l'abitazione signorile nella natura, l'attico borghese, la dimora storica, il penthouse metropolitano, l'architettura open space, l'appartamento liberty di città, la residenza eco-tecnologica – che riflettono altrettante personalità. Mostrando l'eclettismo e la versatilità del design Cassina con un lessico non convenzionale, distintivo e potente, capace di esprimere la qualità tangibile sia dell'oggetto singolo sia dell'insieme, al di là delle mode effimere. E quell'istinto di anticipare nel presente le tendenze di domani.

de la modernité créent ensemble des ambiances authentiques, accueillantes, personnelles, en dialoguant suivant un code d'excellence conceptuelle, de sensibilité formelle, de solidité et d'autorité culturelle. Des systèmes de présences naturellement empathiques, qui savent établir une symbiose émotionnelle avec qui les utilise, en s'adaptant à différentes interprétations, combinaisons, circonstances d'usage et styles de vie, représentés ici par huit intérieurs chaleureux et vécus. Huit maisons - la villa avec jardin, la demeure noble dans la nature, la mansarde bourgeoise, la demeure historique, l'appartement-terrasse métropolitain, l'architecture open space, l'appartement en ville style Art nouveau, la résidence écotechnologique, - qui reflètent tout autant de personnalités. En montrant l'électisme et la polyvalence du design de Cassina, avec un lexique non conventionnel, distinctif et puissant, capable d'exprimer la qualité tangible aussi bien de l'objet unique que de l'ensemble, au-delà des modes éphémères. Avec cet instinct d'anticiper dans le présent les tendances de demain.

Perspektive einzurichten: ein Konzept, eine Philosophie, ein bewusster und zukunftsweisender Gedanke; ein weiter und detaillierter Horizont von Konfigurationen, in dem die Produkte von der innovativsten Seele und den Ikonen der Moderne gemeinsam authentische, einladende, persönliche Atmosphären schaffen und gemäß einem Code aus projektbezogener Exzellenz, formeller Sensibilität, Solidität und kultureller Maßgeblichkeit dialogieren. Systeme von natürlich empathischen Präsenzen, die eine emotionale Harmonie mit denen herstellen können, die sie nutzen, indem sie sich an unterschiedliche Interpretationen, Kombinationen, Nutzungsbedingungen und Lebensstile anpassen, die hier durch acht warme und gelebte Wohnräume vertreten werden. Acht Häuser – die Villa mit Garten, das Herrenhaus der Natur, die bürgerliche Dachwohnung, die historische Residenz, das großstädtische Penthouse, die Architektur des Open Space, das Liberty-Appartement der Stadt, die öko-technologische Residenz – die ebenso viele Persönlichkeiten widerspiegeln. Dabei werden der Eklektizismus und die Vielseitigkeit des Designs von Cassina mit einem unkonventionellen, markanten und kraftvollen Vokabular gezeigt, das die greifbare Qualität sowohl des Einzelobjekts als auch des Ensembles jenseits der kurzlebigen Moden zum Ausdruck bringen kann. Und jener Instinkt, in der Gegenwart vorwegzunehmen, was morgen Tendenz sein wird.

Intense, monumental areas hold a dialogue with design icons, welcoming upholstered pieces that enrich with eloquence.

UN ATTICO BORGHESE

Die monumentale Atmosphäre tritt in Dialog mit einladenden Polstermöbeln und Designikonen, die sich mit einer neuen Ausdruckskraft bereichern.

OPEN ARCHITECTURE

Generous, airy and well-lit spaces, perfect for socialising, host rooms that are arranged in a free and continuous sequence according to one's own personality. UN'ARCHITETTURA OPEN SPACE

Spazi generosi di luce e aria, dalla vocazione conviviale, accolgono gli ambienti domestici in una successione libera e continua, da costruire secondo la propria personalità. Dove la palette di colori e i materiali autentici e d'eccellenza – pelli a pieno fiore, legni di pregio, velluti lisci, compatti e lucenti – fanno da contrappunto agli elementi scultorei del contesto architettonico, trovando in configurazioni singole o nell'insieme di arredi completezza e proporzione.

UNE ARCHITECTURE OPEN SPACE

Des espaces généreux en lumière et aérée, à vocation conviviale, accueillent des environnements ménagers dans une succession libre et continue, à construire selon sa propre personnalité. Les palettes de couleur et les matériaux authentiques et d'excellence – cuirs pleine fleur, bois précieux, velours lisses, compacts et brillants – sont en harmonie avec les éléments sculpturaux du contexte architectural, en trouvant dans des configurations simples ou dans l'ensemble de l'ameublement son caractère complet et la proportion.

OFFENE ARCHITEKTUR

Großzügige Licht- und Luftdurchflutete Räume, perfekt für geselliges Beisammensein, bilden häusliche Umgebungen, die in einer freien und kontinuierlichen Reihenfolge entsprechend der eigenen Persönlichkeit angeordnet sind. Die Farbpalette und die authentischen sowie exzellenten Materialien, wie vollnarbiges Leder, Edelhölzer, glatte, kompakte und glänzende Samtstoffe, stehen im Kontrast zu den skulpturalen Elementen des architektonischen Kontextes, um Vollständigkeit und Proportionen sowohl in den einzelnen Konfigurationen als auch im gesamten Dekor zu schaffen.

Ein anspruchsvoller, schwebender Raum, der das Interieur mit dem Blick auf die Natur vibrieren lässt.

A VILLA AND ITS GARDEN

A contemporary home, isolated in the flora of its own garden. A neutral, serene space, perfect for composing domestic landscapes with contaminated formalities, constructed for poetic inflections or more decisive fusions, from the shared daytime spaces to the bedroom, which becomes a stage for our private lives, with sophisticated designer furnishings that steal the show thanks to their refined details. Choosing authentic, international design that bridges tradition with innovative materials, shapes, and finishes.

UNA VILLA E IL SUO GIARDINO

Un'abitazione contemporanea, isolata nel verde del suo giardino privato. Un luogo sereno e neutro, perfetto per comporre panorami domestici attraverso contaminazioni formali costruite per poetiche assonanze di silhouette o per sintesi più decise, dagli spazi giorno condivisi alla camera da letto, che diventa il palcoscenico della vita privata, con arredi dal disegno sofisticato, protagonisti grazie ai dettagli preziosi. Scogliendo sempre l'autenticità di un design internazionale, che coniuga tradizione e innovazione; nei materiali, nelle linee, nelle finiture.

UNE VILLA ET SON JARDIN

Une demeure contemporaine, protégée dans la nature de son jardin privé. Un lieu serein et neutre, parfait pour composer des panoramas familiers grâce à des alliances formelles, construites pour des assonances poétiques de silhouettes, ou par des synthèses plus définies, en passant des espaces jour à la chambre à coucher, qui devient la scène de la vie privée, avec un mobilier au design sophistiqué, protagoniste grâce à ses détails élégants. En choisissant toujours l'authenticité d'un design international, qui va de la tradition à l'innovation des matériaux, des formes et des finitions.

EINE VILLA UND IHR GARTEN

Eine zeitgenössische Residenz, isoliert im Grün ihres Privatgartens. Ein ruhiger, neutraler Ort, wie geschaffen, um häusliche Panoramen über formale Kontaminationen zu komponieren, die für poetische Assonanzen von Silhouetten oder für entschlossenere Synthesen konstruiert werden. Von den gemeinsam genutzten Räumen des Tagesbereichs bis zum Schlafzimmer, das zur Bühne des Privatlebens wird, mit Einrichtungen mit raffiniertem Design, die dank kostbarer Details zu Protagonisten werden. Stets unter Wahl der Authentizität eines internationalen Designs, das Tradition mit Innovation vereint: bei den Materialien, Formen und Finishlösungen.

A LIBERTY CITY APARTMENT

The austere elegance of an early 20th century apartment with strong architectural overtones: oak-inlay flooring, mosaics, box windows, stucco and cornices define all the rooms, consistently dialoguing with both the rigorous furnishings and the functional modular systems, with their sinuous or austere lines, in the warm colours of the leather, wood and fabrics.

UN APPARTAMENTO LIBERTY DI CITTÀ

L'eleganza austera di una casa di inizio Novecento dalle forti connotazioni architettoniche: all'interno pavimenti in rovere intarsiati, mosaici, bow window, cornici e stucchi caratterizzano gli tutti ambienti, dialogando con coerenza sia con arredi puntuali sia con sistemi funzionali e modulari, dalle linee sinuose o rigorose, nei colori caldi delle pelli, dei legni, dei tessuti.

UN APPARTEMENT EN VILLE STYLE ART NOUVEAU

L'élegance austère d'une maison du début XXe siècle, à forte connotation architecturale : à l'intérieur, des sols en rouvre marqueté, des mosaïques, des bow-windows, des cadres et des stucs caractérisent toutes les pièces, en dialoguant avec cohérence aussi bien avec des décors précis qu'avec des systèmes fonctionnels et modulaires, aux lignes sinuées ou rigoureuses, dans les couleurs chaudes des cuirs, des bois, des tissus.

EINE LIBERTY-APPARTEMENT DER STADT

Die strenge Eleganz einer Wohnung, die zu Beginn des 20. Jahrhunderts entstand, mit starken architektonischen Konnotationen: Im Inneren charakterisieren Böden aus intarsierter Eiche, Mosaiken, Erkerfenster, Rahmen und Stuckarbeiten das Ambiente und dialogieren kohärent sowohl mit punktgenauer Einrichtung als auch mit funktionalen und modularen Systemen, mit geschwungenen oder rigorosen Linien, in den warmen Farben von Leder, Holz und Samt.
