## 144 COTONE ARMCHAIR

Catalogue | Contemporanei

Year of production **2019**

The *Cotone* range expands with a new comfortable sofa that is characterised by the same distinctive frame in extruded aluminium available in four colours: grey-blue, red, champagne and graphite. This frame, seemingly simple due to its minimal appearance, actually hides an industrially sophisticated internal structure. In contrast, the soft padding of its cushions creates a welcoming nest in an open invitation to relax. The numerous combinations of the frame's colours and the wide choice of upholstery in leather or fabric, means that a contemporary sofa can be created to satisfy all tastes. This sofa is available in an elegant modular version with a low backrest as well as a two or three-seater sofa with an embracing high back that, thanks to an internal mechanism in its armrests, has adjustable side cushions which make it even more comfortable. An armchair is also available in a unique size to perfectly combine with both models.
